Agenda

- **Company Overview**
- **Important Chronicles**
- **Industry Overview**
- **Operation status**
- **Dividend policy**
- **2024 Q3 Financial Highlights**
- **Business Development of Subsidiary Taifo**
 - ◆ Taifo Company
 - ◆ 2024 Q3 Achievements
 - ◆ Business Strategy
 - ◆ Core Competencies
 - ◆ The Future
- **Q&A**

Company Overview

- Date of establishment : Dec,1981
- Paid-up capital : NT\$1.659B
- Head office : No.219, Fuhui Rd.,Xinzhuan District, New Taipei City.
- Main business : Fiber Optical Cable & Passive Component 、 Communication Cable 、 Telecommunication Service and Smart City Fiber Optic Network Construction Project etc.
- Major customers :

交通部高速公路局
FREEWAY BUREAU, MOTC

TCC HISTORY

Important Chronicles

2024

2024 The joint construction project with Founding Construction and Chingtung Company officially started

2023 The official opening of the corporate headquarters building

2020

2020 ISO14001

2020 The factory moved from Guanyin District, Taoyuan City to Luzhu District

2014

2014 The outstanding business entity for issuing invoice honestly

2010

2012 Establish a subsidiary Taifo

2010 19th National Award of Outstanding SMEs
2009 12th Rising Star Award

2007

2007 Expanded the factory to Guanyin Industrial Zone

2000

2003 ISO9001

2000 The industry was upgraded by the mass production of optical fiber cable

1981

1981 Established by Chairman Lee ChingHung, its main products were copper cables and copper shaft cables

12th Rising Star Award

19th National Award of Outstanding SMEs

Industry Overview

- With the advent of the AI era, artificial intelligence and military technology have made significant progress. Facing future artificial intelligence, large-scale data computing center, etc., light-speed transmission upgrades have become a necessary part of the AI era revolution and will continue to drive optical fiber cable business opportunities and communication integration service needs.
- The Executive Yuan approved the "Five Trusted Industries Promotion Plan" on September 5, 2024, including semiconductors, artificial intelligence, military industry, security control, and next-generation communications industries to strengthen the country's global communication network toughness and cope with future 6G development.

Operation status

- The Company's joint construction project with Founding Construction Development Corp. and Ching Tong Investment Co., Ltd has started in July 2024. A grade A factory office building will be built in the New Taipei Industrial Park, and it is expected to apply for a usage license in December 2027. Subsequent leasing or sales will help increase the Company's non-operating profit.
- On November 14, 2024, the audit committee and the board of directors passed a resolution to sell 27.94% of the equity held by investments accounted for using equity method in FIBER LOGIC COMMUNICATIONS, INC. to Alpha Networks Inc. 6,265 thousand shares of common stock were disposed of. The total transaction amount was NT\$0.45 billion, and the gain on disposal of investment about NT\$0.29 billion could be recognized. The transfer of this transaction was completed on November 19. This transaction will inject about NT\$0.45 billion of capital. It can be used by the Company to deepen the development of internet Communication business. It can also reduce loan interest and strengthen the solvency.

Dividend policy

- The Company's pre-tax net profit for the first three quarters of 2024 was NT\$147,956 thousand, an increase of 1,061% year-on-year, and in November, the Company sold its equity investment in FIBER LOGIC COMMUNICATIONS, INC, an equity method-based investment, with a gain on disposal of investment of NT\$290,393 thousand, with a total pre-tax net profit of NT\$438,349 thousand and a pre-tax EPS of NT\$2.64.
- According to the Articles of Association of the Company, "the total amount of dividends shall be at least 10% of the distributable earnings for the year, of which the cash dividend ratio shall not be less than 10% of the total dividends." Since the profit before tax increases significantly compared with that last year, considering the interests of shareholders, we will strive to distribute better dividends to return shareholders.

TAIFO Company Business Development

- Taifo Company
- 2024 Q3 Achievements
- Business Strategy
- Core Competencies
- The Future

Taifo Company

- Founded in 2012
- Current capital : NT\$1.83 B
- Number of employees : 134
- Major shareholders: Tai Tung 68.22% and Hon Hai Group 20.58%
- 25-years BOT contract with Taipei City Gov. starting from 2011
- Nearly 6,000KM Optical Fiber has been built in Taipei since 2012

2024 Q3 Achievements

■ Government

- ◆ **Fixed-line services** : Fire Dept., Taipei City Hospital , Dept. of Rapid Transit Systems, Dept. of Health, Public Works Dept., Dept. of Education, Public Library, Parks and Street Lights Office, Public Transportation Office and Traffic Engineer Office etc.
- ◆ **AI Cloud-based surveillance service** : Dept. of Education 、 Dept, of Sports 、 Hydraulic Engineering Office 、 Parks and Street Lights Office 、 Dept. of Social Welfare
- ◆ **Wi-Fi service** : Taipei Free outdoor/indoor service 、 Metro Taipei

■ Campus

- ◆ **Intelligent campus** : Junior high school of Taipei City
- ◆ **Dormitory network** : Chinese Culture University 、 National Taiwan Normal University 、 National Taipei University of Education

■ Enterprise & Telecom

- ◆ **Circuit/Dark Fiber** : ISP / IDC /Enterprise

■ Domestic

- ◆ 68,000 households is Ready For Service in Taipei Public housing

Business Strategy

■ Government : Value-added network service provider

- ◆ Provide diversified value-added services to increase the need for network use, to achieve the goal of smart city

■ Campus : Network of intelligent campus

- ◆ Provide professional communication technology to help the campus to build next generation network

■ Telecom : AI hyperscale Data Center and 5G best partner

- ◆ Provides AI DC and telecom high speed, high coverage and high quality diverse transmission network

■ Enterprise : High bandwidth and quality network for enterprise

- ◆ Provides customizable network for enterprise

■ Domestic : Brand image building

- ◆ Provide Fiber to The Home (FTTH) service for smart home

Core competencies

■ Professionals

- ◆ Own telecommunications network and engineering staff
- ◆ Independent research of AI image recognition services
- ◆ Diversify broadband services to meet the needs of government, enterprise and domestic customers

■ Exclusive resources

- ◆ Obtained 25-year exclusive network contract with Taipei City Government
- ◆ Optical fiber is attached to ditches and sewers in Taipei
- ◆ Nearly 6,000KM Optical Fiber has been built in Taipei
- ◆ More than 24,000 outdoor fiber points for services

The Future

- AI surveillance service
- Wi-Fi service
- 5G Smart rod service

- Telecom service for AI hyperscale Data Center
- Broadband service for IDC
- Diversified fiber broadband service

- Public housing
- Short-term rentals
- Smart home cooperation

- Cover commercial buildings
- Fixed-line bundle with ISP
- Value-added service

- Network of intelligent campus
- Dormitory network
- AI surveillance service
- WiFi service

Q&A

THANK YOU!
